GlobalAffinity – Affinity Partnership Program

All GlobalPhone services can be provided on a private label basis or for use as a fundraising promotion. GlobalPhone offers the opportunity to private label our GlobalPostpaid and GlobalPrepaid calling cards and our GlobalHome long distance services.

For affinity-based marketing groups, major corporations and service organizations, GlobalPhone can produce customized cards. This enables your organization to place an image or design on the card to maximize awareness in your target market and create a lasting impression (a mini-billboard effect). We can even program custom prompts and messages to get your message across. All of our standard features such as conference calling, voice mail and speed dial numbers can be incorporated into your product.

Fundraising Programs

GlobalPhone products can be utilized in fundraising or "affinity" based marketing programs. Your organization helps get the word out about our services and GlobalPhone will provide your organization with a percentage of the revenues.

Your organization benefits in two ways:

- **Your organization receives proceeds or commissions from the billable revenue of its membership**
- **Your organization is now able to provide a valued long distance service to its membership at discount rates – a service that everyone needs and uses**

Private-label Prepaid Phone Cards

This service is similar to the calling card service, but the cards are pre-paid and come in any increments - e.g. \$5, \$20, \$50 and \$100. They are great as gifts and promotional items, for resale in stores, or as mini-advertising billboards. We can print private label cards and program your own prompts.

About GlobalPhone

GlobalPhone is a facilities-based carrier headquartered in Falls Church, Virginia, a suburb of Washington, DC. We have a worldwide customer base of over 300,000 end users who have used GlobalPhone services in over 130 countries, and a network of over 300 business partners around the world.
